Jeronimo Lameira, Cláudio Nahum Alves,* Vicent Moliner,* Sergio Martí, Natalia Kanaan, and Iñaki Tuñón: A Quantum Mechanics/Molecular Mechanics Study of the Protein–Ligand Interaction of Two Potent Inhibitors of Human *O*-GlcNAcase: PUGNAc and NAG-Thiazoline

Page 14260. In Table 1, the values for the **B** and **D** forms are exchanged. In the penultimate paragraph, we erroneously named NAG-thiazoline–enzyme **B** and PUGNAc–enzyme **D** instead of PUGNAc–enzyme **B** and NAG-thiazoline–enzyme **D**. These corrections have no bearing on any of our results or conclusions.
