

Correction to Deciphering the Mechanism of Carbonic Anhydrase Inhibition with Coumarins and Thiocoumarins

Alfonso Maresca, Claudia Temperini, Lionel Pochet, Bernard Masereel, Andrea Scozzafava, and Claudiu T. Supuran*

Journal of Medicinal Chemistry **2010**, 53, 335–344. DOI: 10.1021/jm901287j

Page 340: In the caption to Figure 4, the reference to the PDB entry 4F8E is incorrect. The correct PDB code for the hCA II–coumarin adduct is 5BNL.
