

ADDITIONS AND CORRECTIONS

2000, Volume 104B

Yuzhen Shen, Christopher S. Friend, Yan Jiang, Daniel Jakubczyk, Jacek Swiatkiewicz, and Paras N. Prasad*:
Nanophotonics: Interactions, Materials, and Applications

Pages 7583 and 7584. Figures 10 and 12 should be interchanged. The new caption for Figure 10 should read: "Schematic of a multiphasic nanocomposite", and the new caption for Figure 12 should read: "Basic structure of a photonic crystal".

Wendy A. Brown and David A. King*: NO Chemisorption and Reactions on Metal Surfaces: A New Perspective

Page 2581. It has recently been pointed out to the authors that incorrect data for the calculated adsorption energy of NO on Pd{110} was used in Table 3 of this article. The paper from which the original data for this table was taken (ref 48) contained two columns of data for the adsorption energy. In error, the wrong column of data from this paper was used to generate Table 3.

Table 3 should read:

TABLE 3: Calculated Vibrational Frequencies $\omega_{\text{N-O}}$ and Adsorption Energies E_{ad} for NO Adsorbed at Various Sites on Pd Clusters which Represent the Pd{110} Surface

site	cluster	E_{ad} (kJ mol ⁻¹)	calculated $\omega_{\text{N-O}}$ (cm ⁻¹)
atop	Pd ₅ NO	40.1	1719
	Pd ₅ NO	-11.1	
bridge	Pd ₄ NO	77.6	1707
	Pd ₈ NO (rigid)	59.5	1673
	Pd ₈ NO (relaxed)	185.1	1672
3-fold	Pd ₅ NO	68.4	1456
gas phase	—	59.5	1905
