P. Schiller,* H.-J. Mögel, M. Wahab, and U. Reimer:
Cooperative Effects Induced by Adsorbed Polypeptides in Mixed
Membranes

Page 12325. Equations 4 and 6 should appear as follows:

$$H_C = \rho_L^{-1} \int \sum_{i=1}^N [\epsilon_A(x_i - x) \rho_A(x) + \epsilon_B(x_i - x) \rho_B(x)] dx \quad (4)$$

$$H_C = N\epsilon_X - \int dx \psi(x) P(x) \quad (6)$$
