Chunnian Shi and Fred C. Anson*: Electron Transfer between Reactants Located on Opposite Sides of Liquid/Liquid Interfaces

Page 6285. The data in Figure 4B were obtained with the DMFc⁺/DMFc couple (1.2 mM) not the ZnTPP⁺/ZnTPP couple as stated in the figure caption and the associated text. All other aspects of Figure 4 are accurate and this correction is without effect on the conclusions reached on the basis of Figure 4B.
